WILL BUILD NEW BRIDGE ACROSS LYON CREEK

The regular meeting of the town Council took place on Tuesday night, on account of Monday being a holiday. Mayor McLeod, Councillors R. Hays, A. E. Ferguson, J. E. Gillis, J. Montabetti, W. Patterson and M. Sartoris and Secretary Wright were present.

The minutes of previous regular meeting were approved and the following accounts were passed for payment, subject to approval by committees: Workmen's Compensation Board \$36.80 and \$1.92, Alberta Government Telephones \$12.50, H. C. James \$12.00, E. J. Pozzi \$27.00, Blairmore Enterprise \$41.50, Scott's Grocery \$5.75, F. M. Thompson Co. \$75.47, Crows' Nest Flour & Feed Co. \$30.00, S. Ennis \$13.30, West Canadian Collieries \$421.00, R. Crayford \$14.10.

Application of the Blairmore Opera House Co. for reduction of license fee was given consideration and it was finally moved to reduce the fee to \$25 for this year. It was shown by Capt. Beebe, the managing director, that the building is very seldom used and that the revenue derived therefrom is not even sufficient to meet the cost of upkeep. Motion was lost, two councillors voting for and four against.

Rev. W. T. Young met the council, asking for lease of certain lots near the Union church now being occupied by tennis courts, pointing out that at present he had no authority to prevent them being used by other people. Motion by Councillors Ferguson and Gillis that lease be granted Union church for a term of five years at a fee of one dollar a year, carried.

Petition of residents of the south side of town for a bridge crossing Lyon Creek at a point adjoining Jefferson and Madawask Streets was considered. Council decided that a bridge at this point was an urgent necessity and tenders for the work would be invited, also for dredging of about 100 feet of the creek bed near that point.

Petition of A. J. Pitt and others for a street light at the south end of Eighth Avenue was referred to the chairman of the light committee.

S. H. Turner asked to be informed as to when the footbridge which had been removed from the Old Man River crossing at Sixth Avenue would be replaced. After some discussion, this matter was left in the hands of the mayor.

Petition from residents of Block 7, Plan 3319-1, Victoria Street, for an eight-foot concrete sidewalk, was referred to a later meeting of the council.

Mr. L. L. Morgan, of the Crows' Nest Pass Motors, has returned from a business visit to Calgary.

The Canadian National 1924 deficit was \$54,860,419, being more than three millions higher than 1923.

Mr. Hunt, of the department of the Workmen's Compensation, was in town the early part of the week.

Twenty-five thousand tons of Alberta coal will be shipped to Hamilton, Ontario, at the \$7-a-ton freight rate.

Some of the French socialists have decided to allow their members to take office under a "Pain leve" ministry.

When a Vancouver politician was informed the other day that he was the father of triplets, he demanded a recount.

Ex-Conductor Tom Caven is spoken of as possible Conservative candidate in East Kootenay at the next Dominion election.

Jazz music has been barred at all dances by the Edmonton urban council, this being the first London suburb to take such action.

COLEMAN MINERS VOTE FOR NEW AGREEMENT

A vote of the miners of McGillivray and International mines at Coleman was taken on Tuesday afternoon, resulting in a decision to accept the new scale and terms and return to work.

The vote stood 384 for and 118 against.

Ratification of the terms of agreement was effected at a meeting held yesterday, and it is expected both mines at Coleman will be running full blast by the end of this week.

BARRISTERS MUST RESPECT CLIENTS' TRUST FUND

Edmonton, April 15.—In the future, lawyers of Alberta who are accused of improper disposition of trust funds can be compelled by the benchers of the law society to give an accounting of the same, and pay such monies or property into court. Failure to comply with such an order will mean that offender will be dealt with under the law of the society for conduct unbecoming a barrister or solicitor.

This, in layman's language, is the meaning of an amendment to the Legal Professions' Act passed unanimously through committee of the whole of the legislature last week. For some unexplained reason this chief feature of the bill was not given in the synopsis of its contents appearing on the fly-leaf under the new system of printing and epitome of each bill on the outside thereof.

The legislature dealt briefly and with little comment on this section. But there was considerable discussion on the amendment providing a new system of electing benchers.

Under the present system a list of all lawyers in the Alberta society is sent to each member of the society. They mark their choice, forward them to the secretary and those receiving the greatest number of votes are elected benchers. The new system proposes a nominating plan, each lawyer sending in nominations, vouchered for by at least five lawyers, and the nominees so chosen are then voted upon by all the lawyers in the society.

Attorney-General J. E. Brownlee presented letters from President James Muir, of the society, and R. B. Bennett, K.C., urging retention of the present system. After several lawyer members of the house, however, had explained that a majority of the law society had voted to adopt the new system of nominating benchers, the house passed it through committee without a dissenting vote.

The Musical Eckardts drew a good audience at the opera house on Tuesday night. Their programmes are always highly appreciated.

Part of the "goods and chattels" of our local Charlie Chaplin's laundry will be offered for sale by Sheriff McDonald on Wednesday next.

Armellus Jarvis, who has been serving a six months' sentence, and who will be out about April 29th, threatens to take action for the recovery of \$140,000 paid into court by him.

A young, boisterously playful collie dog, that bit a child at Nelson, was sentenced to six months in the country by a police magistrate, it being presumed his manners will improve with age.

Fred Utly, of Bellevue, who last winter sustained a broken leg near the ankle, is now able to limp around without crutches and hopes to be able to enter the big marathon race in Calgary this summer.

About the most optimistic persons we know of are the few in The Pass who feel that the U. M. W. of A. will come back stronger than ever in a few months. Not if recent revelations are to be seriously considered.

CROWS' NEST PASS MOTORS WINS CASE

The case of the Industrial Finance Corporation against the local motor firm of Crows' Nest Pass Motors, was heard this week at Calgary and resulted in a win for the local firm.

This case involved a sum of about \$3000, being amount of a cheque in transit to the above corporation at the time of the Home Bank crash, and constitutes practically the first test case of its kind since the failure of the bank. The decision of the court will have considerable bearing upon a number of similar cases pending in this district, in one of which the local municipality and school district are interested.

The Crows' Nest Pass Motors were represented by Mr. J. E. Gillis, of the local law firm of Gillis & MacKenzie. Among the local witnesses were Messrs. W. Bird and Joseph McDougall, former manager and accountant, respectively, of the local branch of the defunct bank.

The regular monthly meeting of the Blairmore Board of School Trustees will be held on Friday night of next week at the school house.

Bob Gray gave the local golf course a once-over on Sunday last. Beyond replacing several panes of glass in Coleman residences, Bob was under very little obligations.

The curve wall completed a few weeks ago at the bend in Lyon Creek just north of State Street is doing excellent service just now, during the arid degrees of L.L.D. at the McGill moderately high water.

MINER KILLED AT BELLEVUE

A Finnish miner named Matt Carlson, met death in the Bellevue mine of the West Canadian Collieries last evening, the cause believed to be gas. Carlson leaves a wife and four children residing in Bellevue.

A coroner's inquest is now in progress.

The remains will be laid to rest at Bellevue tomorrow afternoon.

LETTER OF APPRECIATION

Calgary, Alberta, April 14, 1925.
Editor Blairmore Enterprise:

Dear Sir:—At the annual meeting of the Alberta Division, Canadian Red Cross Society, held in Calgary on February 25th, 1925, on motion unanimously carried, a resolution was passed expressing the appreciation and thanks of all members of the Division for the kind co-operation of the newspapers of Alberta at all times in all efforts that affected the well-being of the Red Cross.

I was requested to convey to you in writing, and have much pleasure in doing so, our sincere thanks for the service you have given through your paper.

Yours faithfully,

Mary E. Waagen,
1st Vice President and Honorary Secretary, Alberta Division.

E. W. Beatty, K.C., president of the Canadian Pacific Railway and chairman of McGill University, will be one of the three recipients of honoree degrees of L.L.D. at the McGill convocation on May 19th.

Taxation and Obligations

Insistent demands continue to be made in many quarters upon the Dominion Government to follow certain financial and economic policies which may be briefly summed up under the following headings:

1. Reduce the Income Tax.
2. Reduce the tariff.
3. Reduce railway freight rates.
4. Reduce ocean freight rates.
5. Reduce all national expenditures.
6. Lower the rate of interest.
7. Commence paying off the national debt.

Equally insistent demands are made upon the Government at Ottawa to:

1. Provide more employment.
2. Develop natural resources.
3. Increase immigration to promote such development.
4. Construct great public works.
5. Build the Hudson Bay Railway and various branch lines.
6. Develop the St. Lawrence canals and power schemes.
7. Increase the tariff to encourage home industries and increase employment.

Inasmuch as one set of demands is, in many respects, destructive of the other set, it is at once apparent that the Finance Minister has a real problem on his hands in endeavoring to steer a straight course for the ship of state. He cannot please all and it would be worse than useless to make the attempt.

At the same time it must be recognized, and it is generally recognized, that Canada cannot go on indefinitely without making a serious attempt to pay off its huge national debt which now rests like the dead weight of a wet blanket on the country, depressing industry, creating unemployment, and retarding development. With the exception of the demand for the reduction of the tariff, in regard to which there is a sharp difference of opinion, people as a whole would welcome and support all the demands enumerated in the first list mentioned above.

But how is taxation to be reduced in any effective degree and at the same time substantial payments made on account of the national debt? How are freight rates to be lowered and at the same time the deficit on the National Railways wiped out? How can national expenditures be substantially decreased and at the same time policies inaugurated for the development of natural resources, the construction of railways and other public works, and work created so as to do away with unemployment?

When writing reductions in taxation it must always be born in mind that to meet interest charges on our war debt Canada requires to raise a larger sum annually than the whole budget of the Dominion not so very many years ago. In addition many other millions are required annually to pay pensions and otherwise provide for disabled soldiers. Costs of government, like the cost of everything else, is greater today than was the case ten years ago.

Nevertheless, the picture is not as dark as it may at first glance appear. While Canada's import trade has fallen in the last year or two, with a consequent marked decline in Customs revenues, the export trade of the Dominion is steadily and even rapidly rising, which means that we are buying more at home and selling more abroad. In other words, Canada is becoming a more self-contained and self-supporting country, and this makes for national strength and future wealth and prosperity.

Unquestionably there are still many ways in which national expenditures can be reduced through the consolidation of government services, with consequent elimination of overlapping and duplication of services and much waste. The Civil Service at Ottawa is admittedly over-manned. In tackling this problem the Federal authorities may well take a leaf from the economy book of the Coolidge Administration at Washington.

The main lesson for the people of Canada to learn, however, is that for the time being they must forego those additional public works and services which can only be provided through large public expenditures. True, such constructive enterprises would provide temporary employment, but it would be only temporary, while the new debt they created would not only date the day of debt reduction, but would increase the present high weight of that debt. Money should only be expended on revenue-producing services which will carry their own interest charges and add something to the general revenue and advancement of the country.

There is need for economy everywhere, but there is still greater need for hard work on the part of each individual citizen, productive work, work that will result in still further increasing the export trade of the Dominion and provide increasing traffic for our railways. Instead of holding out for the last dollar in profits and wages, Canadian manufacturer and workmen must be willing to accept a little less and give a full day's output in service and work. Only by so doing will conditions be developed which will mean more work, better pay, permanent development, and ability to carry and discharge our national obligations.

Vancouver Port

A total of 1,345 deep sea, foreign, coastwise and local ships entered Vancouver during the month of February, according to a report issued by the Vancouver Merchants' Exchange. During the same period 1,241 ships passed outward through the first narrows.

Every man feels that a lot of greatness is concealed about his person waiting for the world to discover it.

Love and Not Fear

The Bishop of London says that it would be almost comic now to hear a sermon about hell. Which means that the basis of religion is at last being interpreted as love and not fear.

Reaps Good Returns

J. H. Anderson, a farmer near Macgrath, Alberta, reports that his income from a forty-acre field of wheat in the 1924 season was \$2,000, or \$50 an acre.

Children Cry for

MOTHER—Fletcher's Castoria is especially prepared to relieve infants in cases of Constipation, Flatulency, Wind Colic, and Diarrhea, allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Long Exile Ended

Ex-King of Ashanti Deported by British in 1900

Ex-King Prempong of Ashanti with his family and retinue, has just been released from a 24 years' exile in the Seychelles group of islands in the Indian Ocean. He formerly had 700 wives, twelve of whom he took into exile with him. He became a Christian in 1901, according to a story told by him to an interviewer at Liverpool and sent his 12 wives back. He intends to have only one wife when he gets home. Prempong wears European dress, of which he is very proud, but he declared that it was not true he wore a top hat when he went to church. Captured by a British force in 1896, Prempong was deported four years later. Twenty-nine children went with him, of whom only three survive, but when he arrived on the Anchor Line Olympic at Liverpool he was accompanied, as stated, by a large retinue.

"DIAMOND DYES"

COLOR THINGS NEW

Household home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water the soft, delicate shades, or bolt to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint hangings, cottons, ribbons, shirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.

Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool, silk, or whether it is linen, cotton, or mixed goods.

Claim Medical Discovery

Dr. Martha Jones, research associate of the department of pediatrics at the University of California Medical School, claims the discovery of a cure for rickets. It consists of giving hydrochloric acid in small amounts to the patients' milk. The discovery resulted from finding that acid reduced the malady in puppies.

UNSURPASSED FOR CHILDHOOD ALIMENTS

Mrs. Howard King, R.R. No. 6, Turin, N.S., says: "I am the mother of four children and have always used Baby's Own Tablets when any of them needed a medicine and I can recommend the Tablets as being unsurpassed for childhood ailments." Thousands of other mothers agree with Mrs. King as to the merits of the Tablets. There are thousands of homes throughout Canada where the Tablets are always kept on hand in readiness for the least sign of any of the minor ailments which afflict little children. Baby's Own Tablets never fail to regulate the stomach and bowels, thus they banish constipation and indigestion; break up colds and simple fevers; relieve colic and bring the baby back to the desired healthy condition in safety. The Tablets never do harm—always good—as they are guaranteed absolutely free from any injurious drugs. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Saskatchewan Golf Tourney

The Moose Jaw Golf Club executive has recommended to the provincial association the holding of the provincial tournament at Moose Jaw in the week of August 16, and that F. H. Nason, of Moose Jaw, be the tournament secretary.

The case with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails.

Many Canadians Return

Coming Back From the United States in Large Numbers
Immigration to Canada, during February, amounted to 2,316, an increase of 363 over the previous month, according to a statement issued by the department of immigration and colonization. Of the February arrivals, 542 were British, 800 from the United States and 968 from other countries. Canadian returning from the States after having been in that country for six months or over, and declaring their intention of remaining in Canada permanently, totalled 2,012. Since the beginning of the fiscal year the number of such returning Canadians is 41,844.

Japs Stop Work

Japan has suspended the work begun on the electrification of about 440 miles of government-owned railways.

For Sore Throat Use Minard's Liniment

W. N. U. 1924

After Every Meal

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house. Costs little—helps much.

Weekly Newspaper Man Passes

The Late R. N. Williams Was Well-Known in Alberta

R. N. Williams, well-known in this district and employed on the staff of the Edmonton Bulletin 20 years ago, passed away peacefully at Peace River Crossing after a long illness.

Mr. Williams and his family came to Edmonton from Ottawa 20 years ago. He was editor of the Tofted Mercury for some time, and 10 years ago established the Standard at Peace River Crossing. He returned from Colorado, where he had been for the benefit of his health, three weeks ago.

The deceased leaves a widow and two daughters. Mrs. Dunning and Miss Jean Williams who still reside at Peace River Crossing. He was about 48 years of age.—Edmonton Bulletin.

Says Asiatic Problem Becoming More Acute

Bishop of Kootenay Suggests Change in Present Regulations

The Asiatic problem is becoming yearly more acute, and as yet no person has been able to give the Federal Government any satisfactory suggestions by which it might cope with the situation, said Right Rev. J. A. Doull, Anglican Bishop of Kootenay.

Chinese have gained control of the marketing industry of the Pacific coast, have large interests in the fishing and lumbering trades, and take an active part in the business life of the Columbia countries, he said. Bishop Doull suggested a change in the present regulations which would prohibit Chinese possessing property and would compel them to learn a trade.

With so thorough a preparation at hand as Miller's Worm Powders the mother who allows her children to suffer from the ravages of worms is unwise and culpably careless. A child subjected to the attacks of worms is always unhealthy, and will be stunted in its growth. It is a merciful act to rid it of these destructive parasites, especially when it can be done without difficulty.

Employment Shows Improvement

Trend is More Favorable Now Than Last Year

The trend of employment in Canada at the beginning of March was favorable; the upward movement, though rather slight, contrasts with the downward tendency indicated on the same date of last year. According to reports received from 5,896 firms by the department of labor, 715,165 persons were on their payrolls, or 6,921 more than were on their payrolls in February, 1924. Manufacturing was decidedly more active, but employment in other divisions on the whole showed decline, partly seasonal in character.

Notable Speech of Blind Member

A notable achievement was the maiden speech in the British House of Commons of Captain Ian Fraser, the blind Conservative member from St. Pancras, North. Captain Fraser is chairman of the noted St. Dunstan's Hospital for blind soldiers. He presented a case so lucidly against the treasury's agreement on employment to ex-servicemen that it was hard to believe he was speaking without notes and that he had never seen any orders.

Use Movies For Cures

Swedish hospitals for the insane are using moving pictures to treat insane patients. The diversion is said to be helpful in effecting cures. The same method is being used in tubercular sanatoriums.

Youthful Farmers in Alberta

Sixty British boys who have been learning farming at the Vermilion agricultural school, have been sent out to various farms in Alberta for practical experience.

Minard's Liniment for Colds

The H. B. Line

Western Provinces Must Get Behind Project to Force Completion

The real reason why the Hudson's Bay Railway had not been finished, said Colonel Webb recently, was that the west was not united in its demand for the line. We have been under the impression all along that the chief obstacle to the early completion of the project was the established opposition of powerful interests in other parts of the Dominion, which feared that it would adversely affect their pocket-books; but if lack of unanimity in the west is at the bottom of the delay, that should be readily corrected, as far as Manitoba, Saskatchewan and much of Alberta is concerned. The Hudson's Bay Railway will never be completed unless the prairie provinces force the completion of it; and if these provinces do not back the benefits that will accrue from the line are sufficient to warrant their getting together and presenting a united front to the opposing interests, they do not deserve to have this shorter and more economical route to Europe.—Regina Leader.

Nothing Else Builds Him Up So Much

So Says Mr. Allan McMillan of Dodd's Kidney Pills

Nova Scotia Man Was Unable to Move in His Bed, But Dodd's Kidney Pills Brought Him Relief.

"I am more than thankful to Dodd's Kidney Pills, because they have helped me so much," states Mr. McMillan, a well known and highly respected resident of this place. "I know I could not live without them. Before I started taking Dodd's Kidney Pills I was so bad I could not move in my bed. I was suffering with rheumatism, lumbago and pains in my back. I could not rest day or night. I had to turn myself in bed with straps. After the first box of Dodd's Kidney Pills I noticed a great improvement. I am sorry I did not start taking them ten years ago. I will never be without them if I can get them. I can not find anything which builds me up so much."

It is statements like the above that have made Dodd's Kidney Pills a household remedy throughout Canada.

Dead Germans Found in Scuttled Destroyer

Officers and Sailors Evidently Not Warned When Fleet Was Sunk

Workmen engaged in breaking up the scuttled German destroyer, beached in Mill Bay, Scotia Flow, have discovered under the mass of wood, which completely concealed them, the bodies of five German officers and sailors. They evidently were not warned the time the fleet was sunk by the German crews.

You Have to Know How

A Manitoba farmer bought 22 head of feeder steers ten months ago. He sold them the other day after spending \$25 per head on feed, at a net profit of \$28 per head. The farmer who doesn't know how will say this was a case of luck. The truth probably is that the Manitoba farmer won out in a bad cattle year because he knew how to buy in the first place and how to feed and finish cattle in the second place. Not every farmer does.—Calgary Herald.

Twenty-six per cent. of the gainful workers in Philadelphia in 1923 were women.

Change Religion to Secure Divorce

The discovery that 20,000 Polish Catholic couples have obtained divorces by joining the Russian Orthodox Church is causing concern to the Polish Government and the Moslems are being considered to restrict the movement.

WESTERN MINERS HAVE LEFT THE INTERNATIONAL

Lethbridge, Alta.—Two more Crow's Nest Pass coal camps have broken with the United Mine Workers of America, an international labor organization, which has controlled the Alberta miners from the start of the coal mining industry in this province. Blairmore and Bellevue camps have voted to form locals of the Canadian Federation of Mine Workers, the first locals of which were formed in the Furber district at the beginning of the year when Furber and Coal Creek camps broke away from the international.

Negotiating For B.C. Mine

Britishers Would Like to Acquire Ownership of Famous Premier Mine.

Vancouver.—Confirmation that negotiations have been under way for some time, by which the Selkirk Mining Company of London, England, has been seeking to acquire ownership of British Columbia's famous Premier mine, located in the Portland Canal district, was given by A. B. Trill, one of the largest owners in the mine. "There have been certain communications with the parties mentioned, but so far as I know nothing of a definite character has been accomplished yet," said Mr. Trill. Reports stated that the sum involved totalled \$50,000,000, but this could not be confirmed here. The Premier mine has so far produced over \$1,000,000, and, according to those connected with the property, the prospects of future production are so possible to estimate. Vast riches still lie untouched in the mine.

Commend Government Action

Stock Breeders Pleased at Reduction in Ocean Freight Rates.

Calgary.—The Western Stock Breeders' Association, at its 25th annual convention here, heartily commended the Federal Government for the action it had taken looking toward a reduction in the price of ocean space for cattle, and requested that special provision be made to take care of lightweight feeder cattle, which, they claimed, should carry a cheaper rate.

It was decided to bring to the attention of the banks the necessity of reduced interest on livestock loans.

Due de Nemours Visits Calgary

Calgary.—Prince Charles, Philippe d'Orléans, who wishes to be known simply as the Duc de Nemours, arrived in Calgary in the course of his journey through Western Canada, which he will conclude by a visit to the ranch of Lord Rodney, at Fort Saskatchewan, where he will make a study of farming. He may buy a farm but not now.

Inspect Mental Hospitals

Edmonton.—Hon. George Hoodley, minister of agriculture, announced to the legislature that he had under consideration the appointment of a committee of 10 persons, who would visit the mental hospitals of the province every month to inquire into any complaints and to determine whether or not the patients are being given proper treatment.

Race Track Restrictions

Winnipeg.—Restriction in the number of race tracks in Manitoba is sought in a bill to be introduced in the legislature by W. D. Bayley, independent, Assiniboia. Mr. Bayley is giving notice of the bill, stating that it was not intended to eliminate race tracks, but to end the evident exploitation of race tracks as commercial enterprises by unreliable promoters.

Nome Dog Hero Wins Race

Nome, Alaska.—Leonard Seppala, one of the heroes of the dash into Nome with serum to relieve the diphtheria epidemic with the dog team was the "top dog" race. Ed. Rohn, who also was in the "serum dash," finished second.

Restores strength quickly. Build up on SCOTT'S EMULSION

Phantom Airship To Revolutionize Warfare

London.—British airmen have been startled by the report that Anthony J. G. Foxley, a Dutch designer, has developed an aeroplane which will carry bombs and many guns through the air at a speed of 180 miles an hour. This phantom ship is said to be equipped with motors developing 1,500 horsepower. The new Foxley machine is capable of climbing six miles into the sky, so that it would become virtually invisible to anti-aircraft runners.

Flight Of Dirigible Successful

Great Britain's R-33 Answered Well to All Tests.

London.—Great Britain's airship R-33, carried out an experimental flight one night recently, starting from the Pullman airbase at 7 p.m. and not returning to her mooring mast until almost noon the next day. Commanded by Major Scott, the R-33 took a leisurely flight southward, in the evening, obtaining data for the construction of the new airship R-101. Major Scott sent a wireless to the airbase that the ship was answering well to every test. About 1 o'clock in the morning the commander brought the big dirigible over London and gave into travellers about the city a good view of her in the moonlight, the spectacle recalling to many the war-time days of Zeppelin raiders.

Earl Of Balfour Reaches Nazareth

British Statesman Received at Settlements With High Honors.

Nazareth, Palestine.—The Earl of Balfour, who came to Palestine to dedicate the new Hebrew university, arrived here somewhat worn and fatigued, after a strenuous day in which he had visited the Jewish settlements of Nazareth and Balfouria, lying in the plains of Jezreel. At Balfouria the British statesman was received with the highest honors, the Jews can pay an illustrious visitor, a scroll of the law being carried before him under a canopy, and bread and salt placed for him on a table. The ceremony took on the nature of a formal dedication of the settlement. Brilliant weather favored the tour of the distinguished guest.

Plenty Of Men Available At Coast

No Shortage of Help For Alberta Farmers.

Calgary.—Plenty of men will be available from the coast to take care of the demand for farm hands in the southern part of the province, according to officials of the Calgary office of the Alberta Government employment service.

"Farm hands will be imported in accordance with the demand in the district and there is little likelihood of serious shortages developing here with a big supply to draw from at the coast," remarked William Carhill, superintendent of Calgary bureau.

Harvest Operations Near Brandon

Brandon.—Harvest operations have commenced in Brandon district when J. Coulson started threshing oats and will later put some barley through the separator. Another farmer is also threshing sweet clover. This grain has all been in the stock in the field during the winter and farmers are greatly interested in the outcome of the threshing operations which are very unusual here at this season.

Doukhobors Must Obey Law

Victoria.—"We have a law and it must be obeyed," said Attorney-General Manson in respect to the Doukhobor situation in Grand Forks. In spite of all threats made by the Doukhobors, the government proposed to enforce it. The provincial police are making arrangements to send extra men to Grand Forks if the situation makes it necessary.

French Consulate At Vancouver

Vancouver.—The French Government has decided to re-open the consulate here which has been closed since 1907. It is announced. The new consul will be P. E. Buzor, who has been in charge of the French consulate at Capetown, South Africa, since 1922. Since 1907, the Vancouver office has been operated through the consulate general at Montreal.

Disregards British Protest

Bucharest, Rumania.—Parliament has adopted the Emigration Bill without paying any heed to the protest of Great Britain, that if the bill was enacted into law, it would drive British citizenship competition out of Rumania.

Makes Parachute Jump From Moving Plane

Demonstration Given in B.C. By Flying Officer of High River, Alta.

Vancouver.—The first parachute jump from a moving airplane to be made in Western Canada took place at the Jericho beach station of the Royal Canadian Air Force, when M. Carter, flying officer of the High River, Alta., station, gave a demonstration to the officers who are in training here.

Poised on the wing of a seaplane, which was flying 800 feet over the grounds of the Jericho golf club, Carter allowed the small parachute which guides the bigger one to a perpendicular position, to flutter out. Then he pulled the release cord, and the 24-foot expansion of silk puffed open in the breeze. The airman was pulled from the plane with a jerk. He landed on the fairway with a bump, but unharmed.

Urges Preparation For War

Conflict May Come at Any Time Says Russian General.

Moscow.—General Frantz, commander of war, said he believed the entire countries were too occupied with economic affairs to engage in immediate warfare, but he did not rule out the possibility of attack from them in the future. "The international situation," he said, "is such that a conflict may arise at any moment; therefore, we must go on preparing the forces of war."

EARLY ELECTION IS THE BUDGET VOTE

Ottawa.—Indications point to the debate being continued for a week or 10 days when the house convenes after the Easter recess. "The desire of the government to expedite business has caused both Conservatives and Progressives to take steps insuring that there will be no undue pressure. As a consequence, the accomplishments to date are much less than was expected in a month ago."

"The character of the budget vote will be a large determining factor in the election question. If the government has a substantial majority on this most vital item of policy, it will be argued that no warrant exists for an early dissolution. If its majority be narrow, by an adverse combination of widely divergent elements, the influence will be to accelerate an appeal to the country. Present indications being that the majority will be small, the prospect of an election this year are increased in proportion. The relative blockade now in progress is said by Conservatives to be dictated by the desire to have the session continue till the Saskatchewan and Maritime province elections are over. At least, in the latter case, they will be in June."

To Help Aged Prima Donna

Proposed Fund on Behalf of Madame Albani, Famous Canadian Singer.

Montreal.—La Presse, local French language newspaper, states that Premier Mackenzie King has invited that Journal to organize a subscription on behalf of Madame Albani, the aged prima donna, whose musical successes in the latter part of the last century were world wide. Madame Albani, who was Marie Emma Levesque, born at Chambly, Quebec, in 1822, is living in straitened circumstances in London. The newspaper says: "His Majesty King George V. has accorded his gracious patronage to the project of aiding the great artist, who was called by the masters of her time 'the splint of the oratorio.'"

Hindenburg Refuses Nomination

Berlin.—Field Marshal von Hindenburg's definite "no" was spoken by his Berlin representative, Count von Wedel, and the Nationalists hope that the former leader of Germany's army would be the presidential candidate of the Monarchists in the second election battle, April 26, was dashed.

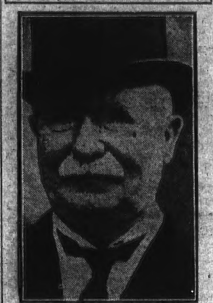

Piracy in China

London.—A dispatch to the Daily Mail from Shanghai, dealing with the sale of the Dollar Steamship Company interests on the Yangtze River, the correspondent asserts that the sale was made owing to the difficulty of operations due to pirates and consequent military interference.

Aids School

Columbia, Mo.—A farmer in the Ozarks who cannot read or write has questioned \$300 to the University of Missouri Building Fund. He signed his cheque by marking an "X" on it.

Is Now Convalescent

PREMIER W. F. MASSEY of New Zealand, who is reported to be recovering from his recent critical illness.

To Aid Settlers

Government Loans For Settlers in Lethbridge Northern Irrigation District.

Edmonton.—Settlers who take up land in the Lethbridge northern irrigation district in future will be provided with financial assistance in the way of loans for the purchase of livestock and buildings or building material and, in addition, will not be required to make water rights payments for the first three years, according to a measure introduced in the legislature by Hon. V. Smith, minister of railways. Present provisions are also given certain assistance such as an extension of the period of payments.

The measure is purely a colonization scheme with the object of settling the northern irrigation district so that the province will be able to get a return on its guarantee of some \$5,400,000 in this project.

Bursaries For Students

Only Dependents of Saskatchewan Soldiers Can Apply.

Saskatoon.—Three bursaries are being offered by the University of Saskatchewan from the Khaki University and Y.M.C.A. fund to Saskatchewan students making application must be children or dependents of soldiers who fought in the world war. Applications will also be accepted from soldiers who served in an actual theatre of war.

First preference will be given to dependents of deceased soldiers and second to children of disabled men, awards being based on standing and need. Full junior matriculation standing at least is required. Applications must be sent in not later than August 31.

More Discoveries By Banting

Toronto.—Dr. F. G. Banting, discoverer of insulin, expects to leave shortly for England, where he is expected to announce his latest discoveries in medical research work, which is apart from his work with insulin for diabetes treatment.

Freed On Deserter Charge

Ottawa, France.—Capt. Jacques Sadoul, French army officer, charged with desertion while on a military mission to Russia in 1919, was acquitted by a majority vote of the court martial here, which had been trying him for the past 10 days.

What Pretty Girl Did For Sick Stomach

Miss E. Rich of Brooklyn, N. Y., says: "I don't know what the cure was, but every few days my stomach would feel all bloated up with gas, my appetite would be lost and I felt sick to my stomach—so I bought a box of Little Liver Pills, and nothing seemed to help. After using Carter's I felt relieved at once—now my stomach feels just as it used to and I have the best of health."

Will See Over Radio

Baltimore, Md.—Invention of a device known as "the prismatic ring" will enable radio fans to see the next Olympic games, as well as hear the cheering. It is predicted in a report to the American Chemical Society by the inventor, C. Francis Jenkins, of Washington, D.C.

Germany Is Paying

Berlin.—Germany, \$40,000,000 marks to the Dawes plan, March 3, 1924, Great Britain receiving 26,000,000 and France 27,000,000.

Plans For British North Pole Expedition

London.—Giving details of the plans for the British North Pole aerial expedition on which he intends to start next month, Grotter Algarson, a young Icelandic, says in the Daily Express that the final dash to the Pole will be made in a small non-rigid airship and not an airplane. The ship will be 150 feet long and similar to those used for patrolling the English Channel during the war, but especially designed to withstand the exceptional polar conditions. The airship will carry four passengers, a thirty-day food supply, special cooking stoves, and spare gasoline as ballast.

Assistance For Rural Schools, In Alberta

Government Measure Will Make It Easier For Poorer Sections.

Edmonton.—A bill providing for equalization of grants to rural schools is being introduced in the Alberta Legislature by Hon. Fernon Baker, minister of education.

At the present time, many of the rural schools of the province are unable to carry on for more than three months of the year, while others, which are in a better financial condition, are able to meet all the requirements with little difficulty.

The measure suggests that a form of educational tax be imposed on all rural sections of the province alike, regardless of whether the land is within a school district or not. At present, there is a tax of three mills on land outside of organized school districts, and the measure would extend this to all lands in rural districts. This total revenue thus collected would be redistributed to the various school teachers on the basis of \$500 per teacher, and, as a result, practically every district would be placed on practically the same basis. The school districts that are well off financially, will in a measure, help to pay for the educational costs of those that are unable to carry on successfully if entirely dependent on their own resources.

Russia Would Raise Loan

Must Recognize Debts Before Any Proposal Is Considered.

London.—Representatives of Russian and British banks, the Daily Mail says, are conferring with the knowledge of the British treasury, in an effort to ascertain a basis on which Russia would be able to raise a loan in London. The Russians are understood to have been notified that English financial circles would not consider any proposal for a loan until Russia gives an understanding that she will recognize liability to repay her debts.

NEXT EMPIRE CONFERENCE MAY BE HELD HERE

London.—The next imperial conference may be held in Ottawa, in 1927. This suggestion is being strongly urged upon the government, and is very popular among members of parliament, but the permanent officials who have to pass upon all such propositions, and naturally lean toward the conservative side of all questions, point out that before any decision can be made all the Dominions would have to be consulted.

The Baldwin Government is very favorable to the suggestion that alternative conferences should be held in one of the Dominions, and, naturally, Canada has the preference, because of its proximity to the mother country, from point of distance and time of travel. Naturally, the other Dominions have to be consulted, and it will take some time to get the views of Australia, New Zealand and South Africa on the question.

Will See Over Radio

Baltimore, Md.—Invention of a device known as "the prismatic ring" will enable radio fans to see the next Olympic games, as well as hear the cheering. It is predicted in a report to the American Chemical Society by the inventor, C. Francis Jenkins, of Washington, D.C.

Germany Is Paying

Berlin.—Germany, \$40,000,000 marks to the Dawes plan, March 3, 1924, Great Britain receiving 26,000,000 and France 27,000,000.

CLAIM ATTEMPT MADE TO BREAK THE WHEAT POOL

Winnipeg.—The Manitoba Free Press says:

"That the crash in wheat prices which has caused a flurry on the market recently was an organized effort on the part of big wheat manipulators to destroy the wheat pool is the effect of a statement, which has been made public and purports to come from George W. Robertson, secretary of the Saskatchewan pool, who was in Winnipeg Tuesday in conference with officials of the central office.

Mr. Robertson declared that the pool was strong enough to withstand attacks from any quarter, however, and that their agency sold wheat at five to seven cents above the quoted market price during the artificially produced depression. It was admitted in the statement that the largest and best known dealers were not connected with the attempt to undermine the co-operative organization, but it could not be doubted that the market had been purposely broken by the selling of small parcels of wheat a few cents below previous prices and probably creating lack of confidence, which is reflected in reports at home and abroad.

Robertson made no charge that grain interests were trying to kill the pool, said Mr. Robertson, secretary of the wheat pool, in connection with an interview credited to him at Winnipeg.

"I specifically stated," he continued, "that I did not believe any legitimate members of the grain trade were concerned in it, but that a well organized attempt on the part of certain interests not only to kill the pool but also to destroy the whole co-operative marketing movement in Western Canada was quite in evidence.

Aggressive Trade Policy

Winnipeg Member Advocates Extension of Foreign Trade.

Ottawa.—An aggressive policy with a view to extending the foreign trade of the Dominion was advocated in the House of Commons by Hon. A. B. Hudson, Liberal, South Winnipeg, in the course of his speech on the budget. Enlargement of the department of trade and commerce and the appointment of more and better trade commissioners, were among the methods suggested by Mr. Hudson, who pointed out that Canada had but one trade representative in the United States, as against 38 from that country in the Dominion. There were things that Canada could do better than any country in the world, Mr. Hudson said. The energies of the country should be directed toward these things.

Property Transfer At Vancouver

Ottawa.—An order-in-council has been passed transferring Dominion Government lands in and around the city of Vancouver from the department of national defence to the department of the interior. The transfer is made because the department of the interior now controls ordnance lands. The territory transferred includes Deadman's Island, in regard to which there has been litigation in the past.

HILLCREST MINERS

ARE STILL OUT

The Lethbridge Herald of yester-
day has the following to say of the
Pass coal fields:

"Bluminous coal from the Bellevue and Blaimore mines is moving to the railway dumps in Manitoba by the Canadian Pacific Railway to the amount of 66 cars a day, according to information gathered by the Herald Wednesday. The Greenhill and Bellevue mines are working to capacity about five days a week and a good spring and summer run is anticipated. By the week-end Coleman will be shipping. The railway lines are already commencing banking up their stocks of coal, the settlement of the wage issue in the Crows' Nest Pass leading up to the placing of large orders with the operators there.

"Hillcrest is still holding out. It is reported that the men are unwilling to settle at the terms offered by the Hillcrest Collieries, which terms, it is said, differ in some respects to the Blaimore and Coleman agreements. It was reported today from the Pass that the Hillcrest miners and operators will meet Friday in an effort to come to an understanding.

"The advent of warm weather has seriously crippled the domestic coal trade, the Lethbridge and Coalhurst mines working no more than one day a week at the present time. There is little hope of steadier work ahead unless the renewed effort to open up the Ontario market proves successful. In that event, the mines throughout the province would probably have orders sufficient to insure a steady all-year run. As it is now the domestic mines must be content with a seasonal campaign of not more than six months out of the twelve. The idle days are now here, the rapid falling off of orders starting the middle of last month.

"The fate of the United Mine Workers of America as a factor in the coal industry in this province is a leading topic of discussion at the present time in view of the secession of the Pass locals, and the organization of the Canadian Federation of Mine Workers. It is believed the strength of the International body has been broken in this province and that when the miners find themselves and again get together under a new banner it will possess either the name of Canada or Alberta. Some are favoring an Alberta body, the problems in this field being distinctive. Others want a Canadian organization strong enough to wield the balance of power in the Dominion.

"In the past the U. M. W. of A. has been the most potent and stable organization in existence for the mine workers and it was only natural that the Canadian unions would link up with that powerful industrial group. In the past few years the influence of the International has been waning here, the breaking-up process now openly appearing.

"The fact that John L. Lewis, president of the U. M. W. of A., Indianapolis, has not personally appeared in District 18 to use his influence in effecting a permanent settlement has met with some criticism. Pres. Lewis is now in the Nova Scotia field taking an important hand in the negotiations with the mine managers, which is the more noticeable by reason of his apparent indifference to the situation in Alberta."

The miners' relief committee, of Glace Bay, have refused to accept a donation of \$5000 from the Red Labor unions. This sum is believed to have come from Russia.

Here and There

"Canada has a fine record of musical and artistic students who work under the auspices of the Royal College of Music," says Sir Hugh Allen, director of the London institution, who is making a tour of Canada in the interests of the College.

Canada exported 145,592,600 pounds of woodpulp during February, of which 138,891,000 went to the United States and to Great Britain, none. Our newspaper exports had a monetary value, in the same month of about seven and a half million dollars.

Two hundred and sixty thousand acres of land in central and northern Alberta will be settled by the British Land Settlement Corporation, it is announced. They are located north of Edmonton and from north of Vermilion to Wabunan, west of Edmonton.

Approximately 750,000 tourists, apart from delegates to conventions, visited Montreal last year by railway, steamer, and automobile, according to an estimate compiled by the Montreal Tourist and Convention Bureau. It is anticipated that the influx for the current year will be even greater.

Geraldine Farrar, famous prima donna, who gave a recital of Carmen in Ottawa and Montreal recently, had a run with the U.S. Customs at the border on her return to the United States. It was claimed that champagne and fine wines were found stored in the piano of her sumptuous private car, but the great singer says it was only near-beer.

England's great military spectacle, the Aldershot Military Searchlight and Torchlight Tattoo, which is held annually in aid of the Aldershot Command Charities, is being presented this year from the 16th to the 20th of June and will, as usual, be contemporaneous with Ascot Week. The special feature is to be a Pageant of Battle which will recall some of the famous engagements of the British Army. Nearly 100,000 patrons attended last year.

To enable French-Canadian students to become acquainted with Western Canada, the Université de Montréal has organized a 28-day trip to the coast from Montreal next July. They will pass through Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Vancouver and Victoria, with stop-overs at Lake Louise, Field, Glacier, the Fraser Canyon and other beauty spots of the Canadian Rockies.

Student tours, operated by the Canadian Pacific in conjunction with McGill University, are to be extended this summer to include students from the British Isles. Hereafter, these tours have been restricted to scholars in other parts of Canada and in the United States. As Montreal is regarded as an ideal centre for the study of the French language, it is anticipated that the new project will attract many visitors to the Canadian metropolis.

"There's a man in our town whom they call 'the human sponge.' He never feels swell unless he's soaked."

By securing "The Calgary Albertan" you get
"Today's News Today."

Miss A. Carter was a holiday visitor to Calgary.

The High River Times remarks: "The recent convention of representatives of municipal districts has gone on record that they are not in favor of renters voting for councillors or for money by-laws, except with the written consent of a non-resident owner. The U.F.A. convention, on the other hand, passed a resolution that all persons who had been resident three months or more in a town or village should be allowed to vote. They can't both be right, unless there is to be one law for the town voter and another for the country voter."

Government deficiency bills reminds us of the woman who wrote a check to cover the amount she was overdrawn at her bank.

A man once rented a plot of ground to a negro neighbor upon which corn was to be planted, and at harvest time the renter was to receive one-fourth of the yield. Meeting the negro during harvest time, he asked: "Look here, Sam, have you harvested the corn?"

"Yes, sah, boss, long ago!"
"Well, wahn't I to get one-fourth!"
"Yes, boss, that's the truf, but there wahn't no fourth! Der was jes' three loads, and dey wahn't mine!"

Here and There

During 1924 the Canadian Co-operative Wool Growers' Association sold 2,000,000 pounds of wool, making a total of 25,343,504 pounds handled since its organization seven years ago. Wool was first exported in 1825.

Filings on oil land in South Alberta are drawing near the R.P. ranch, owned by the Prince of Wales. The ranch is said to be one of the best in the province and it may have been staked out by oil seekers before the spring is far advanced.

Carlson are coming back to New Brunswick, says the Chief Game Warden of that province. This is regarded as a testimony to the protective methods employed by the guides who are fully aware that the best means of protecting their livelihoods is to see that hunting of big game is not carried to excess.

"Relations between France and England were never more cordial than they are to-day," said Hon. W. C. Nichol, Lieut.-Governor of British Columbia, interviewed on his return to Canada from a visit to France. Referring to his own province His Honor said there was every indication of British Columbia being swamped with tourists this year.

Lauchlin McLachlan, of Toronto, after serving nearly fifty years on the employ of the Canadian Pacific Railway has been retired on pension at his own request. He was presented at leaving with an embossed address and gold watch and chain, which were handed to him by B. W. Scott, superintendent of Toronto Terminals, on behalf of his friends and associates.

The Prince of Wales, just before setting out for his tour of South Africa and South America, took a lightning trip to the Wembley Exhibition grounds. His Royal Highness was especially delighted with the children's section of the Park, Treasure Island, the main attraction of which is a Canadian Pacific model train in which the kiddies will "tour the Rockies."

The Canadian Pacific S.S. "Montreal" docked at New York recently after her second and final West Indian cruise of the season with a veritable zoo on board, collected by passengers and to be taken inland as souvenirs. It included 500 parrots, and live birds, several monkeys, a deer and a Mexican tiger. Some of these are destined for various cities in Canada.

Saskatchewan can boast of a family of six generations. Mrs. Odell, of Hanley, 93 years of age, has a great-grand-great-granddaughter of six months. Her eldest daughter is 76. She has 33 grandchildren, 45 great-grandchildren, seven great-grandchildren, and the little lady first referred to. Mrs. Odell still reads and sews without eyeglasses.

Immigrants who chanted and sang their happiness at arriving in Canada were witnessed recently at the Montreal Windsor Station when a batch of fifty canaries in six cages were housed there for a time waiting conveyance by train. They had already travelled over 3,000 miles from Liverpool and had a further prospect of another 4,500 until they reached their destination either at Vancouver or in some cases San Francisco.

The body of Dr. Sun Yat Sen, President of Southern China lay in state in a wonderful alabaster old Temple near the "Altar of Heaven" during the long drawn out ceremonies at Peking attendant upon his interment. Through the courtesy of the government the bier was viewed by a large party of Canadians and Americans touring the world on the Canadian Pacific S.S. "Empress of France." They were also invited to attend the final burial rites which, with a wealth of colorful Chinese ceremony took place later in the Western hills.

City relief work has been discontinued in Calgary.

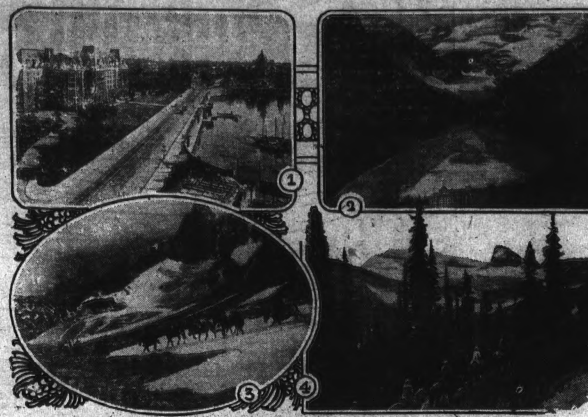

Miss Taber, of Lethbridge, was an Easter guest of friends in town.

Citizens of Cowley are looking ahead to another big May 24th celebration.

The weather man yesterday reminded us to "Never take off today what you may need tomorrow."

A hotel to cost about three quarters of a million to be built at St. John's, Newfoundland.

Bringing the West to the East

1—Empress Hotel, Victoria, with dome of House of Parliament on right; 2—Alpine Hotel, Banff, with view of the Rockies; 3—The Rockies; 4—The Rockies; 5—The Rockies.

Not the smallest part of the education of a Canadian Teacher should be a knowledge of the Dominion, derived from personal contact with its vast areas. When in addition the West is brought home to the East by a tour covering most of the "four corners" of interest, commercial, agricultural and scenic, then is a very valuable addition to one's knowledge of one's own country has been consummated.

This is the object of the 21-day tour of Canada which is now being arranged by the Canadian Teacher's Federation in repetition of their very successful trip last summer. The party will leave Toronto west-bound July 20 and will be back in that city August 10. It will be under the personal direction of Professor Sinclair Laird, Dean of the School for Teachers, MacDonald College, Quebec. The journey out and return will be over Canadian Pacific Railway lines, motors and boats and stop-overs will be arranged at points of interest.

Starting from Toronto in the afternoon, the train passes through a land of beautiful lakes, the Muskoka region, reaching Sudbury and continuing through the big game district of Northern Ontario and skirting the shores of Lake Superior for many miles before arriving at Port Arthur and Fort William, the twin cities where most of the western train is stored. A day is spent in Winnipeg, the centre of the greatest grain marketing and inspection point in the Empire. Half a day is spent in Regina and Moose Jaw is reached the same day.

Then on to Calgary where the last of the prairie country is covered and the foot hills of the Rockies commence. Passing next day through the Gap, the gateway to the Rockies, where the roadway is hewn through the solid rock, Banff is reached on the first Saturday of the trip.

At this point the traveller enters fairland. Banff is the headquarters of the Rocky Mountains Park, a region of 2,761 square miles, covering rivers, lakes and mountain scenery of unsurpassed grandeur. The week-end is spent in this district. Drives and automobile trips here make a pleasant contrast with the train journey and the wonderful sights will live long in memory. There is Lake Louise, an exquisitely colored limpid mirror of glaciers and snow-crowned peaks and the brilliant blue of the sky with its arpeggios of fleecy clouds. Mount Stephen, Chancellor and Sir Donald Reservoir view as the Great Divide is crossed and the marvelous Yoho Park is traversed. Canyons, caves, valleys, deep gorges, passes twinkle past the train in its journey which is sometimes slowed up to admit of a more lasting impression. The scenery is so perfect that to avoid missing any the train does not travel at night and continues its journey at dawn. For 250 miles it passes through the Great Canyons of the Thompson and Fraser Rivers and the long day of fifteen hours is one unbroken page of delight. Vancouver is at last reached and a short but interesting boat trip is made across the straits of Georgia to Victoria with a panoramic

view of beautiful islands, bays and rocky headlands and the snow-capped mountains of the Coast ranges and the Olympics as a background.

The return journey takes us through the Cascade Mountains and the Kelowna Valley to Nelson, commercial centre of the Kootenay district. An overnight journey ends at Lake Windermere where after a trip to the Camp there is a motor run of 104 miles over the newly completed, Banff-Windermere Highway through awe-inspiring scenery. Saturday, Sunday, Monday and Tuesday—four full days—are taken up with the above. Then commences the trip across the prairie to the head of the lakes which is reached via Edmonton and Saskatoon to Lake of the Woods district. A full 24 hours is spent among the sights of this wonderful district and then the trip goes on to Fort William. From this point the journey is continued by boat through Lakes Superior and Huron to Port McNicoll whence Toronto is reached four hours later, and the trip completed.

It is difficult to conceive of a more healthy or a more diversified holiday than the one outlined above. In addition it brings home to the participant the glory of Canada in a way that is unequalled in so short a time. No one can take such a trip and not return from it bigger, wiser, more conscious of Canadian nationhood and such an experience must of necessity be invaluable for those whose profession it is to teach the next generation of Canadians.

5000 FACTS ABOUT CANADA

"5000 Facts About Canada" is famous as a rich, storehouse of information about the Dominion. It is the production of Frank Yeigh, the recognized authority on this country as writer and lecturer. The 22nd annual edition is out for 1925, and will, as in former years, be welcomed by an appreciative public. Fifty chapters—from "Agriculture" to "Yukon"—include a series of striking facts presented in a crisp, terse form that fastens them on the mind. The 1925 issue contains much new matter, including a striking comparative table of our national growth during the quarter of a century since 1900. The book may be secured at leading dealers, or by sending 35 cents to the Canadian Facts Publishing Co., 588 Huron Street, Toronto. He who would know Canada will find this wonderful little book a means to that end.

WOMEN TO QUIT JOBS

Wives of Hamilton, Ontario, firemen must cease to be wage earners, or their husbands will lose their employment. This rule was laid down by Chief James at a meeting on April 8th. The Women's Educational Association has called the attention of the civic authorities to the fact that wives of tax firemen are employed in offices and factories in the city, and has demanded action.

A most successful whist drive and social was held by the Pythian Sisters in the Lodge hall last night. Twenty-four tables were operated. The prize winners were: Ladies' first, Miss E. Picard; second, Mrs. Ed. Elliott; consolation, Miss V. Brehler. Gent's first, A. Griffith; second, R. Perry; consolation, Orland Joyce. Following the whist, tables were spread and upwards of 100 sat to luncheon. Dancing followed for a few hours, music being supplied by Mason's orchestra.

COWLEY HAPPENINGS

C. W. Poulin visited a Blaimore dentist on Sunday last.

Mr. Ben Stobbs, of Hillcrest, is now working in The Busy Store.

Mrs. Fribrance was a visitor to Blaimore over the week end.

Walter Wilson, teacher of Tanner school, spent the week end at Clareholm.

The farmers are now all busy on the land and it is expected that a big acreage will be seeded.

Engineer Dyke and party, in charge of the road grading, have taken up residence here again.

Miss Helen Morrison, who is attending the Calgary normal school, was home for the Easter holidays.

The main highway is now dry enough to allow the commencement of grading operations on that portion west of Cowley left unfinished last fall. Contractor McKelvie is assembling his crew here.

The Swiss Bells staged here on Monday night by the well-known Musical Eckardt was a rare musical treat. The various instruments played, together with songs and comic stuff, was pleasing in the extreme. A large crowd turned out.

Wedding bells have rung again in our vicinity. This time for Miss Clara Franz and Mr. Harold Cipland, who were united in marriage in Lethbridge. They enjoyed the excitement and fun of a chivalrous on Friday night at their new home on Todd Creek.

Miss Henrietta Robbins, who has been holidaying at her home here for a few weeks, left this morning's local for Rose Lynn, near Hanna, where she has accepted a position as teacher. Miss Robbins succeeds Miss Mary Neilson, of Trail, who has just returned to her home.

SESSION ADJOURNS

The session of the Alberta Legislature, which has been in progress since the latter part of February, adjourned on Good Friday evening till some time in June or later, to meet again to deal with the northern railway situation according to the agreement which is to be made between the two transcontinental railway companies regarding the operation of the line into the Peace River country and its extension through to give connection with lines to tidewater. Several bills were also left over for consideration at the adjourned session. Sixty-five bills were given assent to.

Solomon Grundy, flivvered on Sunday, buried on Tuesday.

Supporters of Sherman, a very few in number, are attempting to prevent "want-to-work" to go to work at Hillcrest.

P. Burns, Calgary's well-known cattle dealer and packer, has been gazetted honorary colonel of the Calgary regiment, 50th Battalion, C.E.F.

Mr. W. Stevenson, district drummer for the Martin-Senior Faint Co. is a Scotchman, full-blooded. He takes his orders down in shorthand to save paper for his firm.

Charlie Howe, who is attending the Technical school at Calgary, is visiting his parents here over the Easter holidays. He will return on Saturday night next to resume his studies.

By a non-party vote of 29 to 16, which included, in the majority, most of the U.P.A. members, the Alberta assembly recommended to the government the sale of government houses and its furnishings, or their use for government departments. The motion was introduced by W. M. Davidson, of Calgary. It would bring Alberta into line with New Brunswick, where the government house was abolished many years ago.

Auction Sale of Timber in The Crownest Forest Reserve

THE RIGHT TO CUT TIMBER on a tract of land to be known as Timber Sale No. 135 will be offered at public auction at a rate per thousand feet board measure also the Coleman Ranger Station, Coleman, Alberta. The sale will be held at 2 o'clock p.m. on Friday the 15th day of May, 1925.

The timber to be cut is located on the West 1/2 of the Northwest quarter of Section 31, Township 5 Range 4, west of the 5th Meridian; Southwest quarter of Section 6, Township 9, Range 4, west of the 5th Meridian; Northwest 1/4 of Section 7, Township 9, Range 4, west of the 5th Meridian; and Southwest 1/4 of Section 15, Township 9, Range 4, west of the 5th Meridian.

There is estimated to be approximately 1,750,000 feet board measure of merchantable saw timber to be designated for removal from the sale area consisting of green spruce, pine and Alpine fir. The upset price of this material is \$3.00 per thousand feet board measure, and the purchaser will be allowed until May 1st, 1925, to remove the timber. Only such timber, within the area described, as may be marked or otherwise designated for removal may be cut, and all the same so designated, whether standing or fallen, must be cut and removed from the sale area. The brush and other debris resulting from the operation must be logged, piled and burned in accordance with the instructions, and to the satisfaction of the Forest Officer.

Each bidder will be required to deposit with the officer conducting the sale the sum of \$25 in cash or bank draft or accepted cheque made payable to the Deputy Minister of the Interior, before being allowed to bid at the sale. The sale will be awarded on the basis of the amount offered per thousand feet board measure for the saw timber on the same area. The Department does not bind itself to accept the highest or any bid. The deposit of the unsuccessful bidder will be returned to them at the close of the sale, while that of the successful bidder will be retained as a guarantee deposit to be forfeited, in case of failure to comply with the conditions of the sale or the Forest Reserve Regulations.

Full particulars and detailed regulations governing the sale may be obtained from the Forest Supervisor, Pincher Creek, Alberta, or from the District Forest Inspector, Calgary, Alberta.

J. M. ROBERTS, Secretary, Department of the Interior. [A16-23 Ottawa.]

"CAPTAIN BLOOD," a Viograph picture with I. Warren Kerrigan in the title role, in an adaptation of this thrilling novel.

SYNOPSIS

Captain Peter Blood, buccaneer, commands a fleet of pirates. The Spanish ship *Milagrosa* sinks the *Royal Mary*, and Arabella Bishop, with whom Blood is in love, and who was sent to the West Indies to make peace with piracy, are prisoners. Captain Blood's flagship, the *Arabella*, sails into the *Milagrosa* and her sister ship, the *Hidalgo*, and engages them in battle.

CHAPTER XVII.—Continued

Speechless, livid of face, his mouth distorted and his breathing labored, Don Miguel de Espinosa uttered an inarticulate cry of rage, and his hand swept to his sword. But even as his fingers closed upon the hilt the other's closed upon his wrist to arrest his action.

"What do you intend by me?" the Spaniard inquired at last, his voice hoarse. Captain Blood shrugged. The firm lips smiled a little. "All that I intend has been already accomplished. Your boats are being launched. You are at liberty to embark in them with your men before we scuttle this ship. You are the next of the *Hidalgo*. Get you home, to Spain, Don Miguel, and to concerns that you understand better than this trade of the sea."

Lord Julian stood forward to meet him. "You don't mean, sir, that you'll let that Spaniard scoundrel go free?" he cried.

"And who the devil may you be?" Captain Blood asked, with a marked Irish accent.

"I am Lord Julian Wade."

"Are you, indeed? Then perhaps you'll explain what the plague you're doing aboard this ship?"

Lord Julian controlled himself to afford the desired explanation. He did so shortly and impatiently.

"He took you prisoner, did he—along with Miss Bishop?"

"You are acquainted with Miss Bishop?" cried his lordship, passing from surprise to surprise.

But this mannerly fellow had stepped past him, and was making a leg to the lady, who on her side remained unresponsive and forbidding to the point of scorn. Observing this, he turned to answer Lord Julian's question.

"I had that honor once," said he. "But it seems that Miss Bishop has a shorter memory."

"His lips were twisted into a wry smile, and there was pain in the blue eyes that gleamed so vividly under his black brows, pain blending with the mockery of his voice. But of all this it was the mockery alone that was perceived by Miss Bishop; she reënted it."

"I do not number thieves and pirates among my acquaintances, and Captain Blood," said she, whereupon his lordship exploded in excitement.

ASK THIS HALIFAX NURSE

She Is Willing to Answer Letters from Women Asking About Lydia E. Pinkham's Vegetable Compound

Halifax, Nova Scotia.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were children, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy of two of your little books on women's ailments. I have one which I keep to hand. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. E. M. CORNACK, 111 Drake Street, Halifax, Nova Scotia.

Could Not Sleep Nights

Dublin, Ontario.—"I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and I felt I must try it to get better. I have got good results from it and I feel stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—JAMES RACRO, Box 12, Dublin, Ontario.

W. N. U.—1922

Was Loyal To Friends

Faithfulness Was Lovable Characteristic of Late King Edward

The deepest and most abiding impression left by the recent biography of King Edward was an extremely lovable character. Never was there a more faithful friend. He was always eager to help those of his friends who were overthrown by adversity, and to never deserted a man who was under a cloud. "I cannot refrain from quoting a passage from a noble letter he wrote to Lord Granville in 1882, in which he said:—I may have many faults—no one is more alive to them than I am; but I have held one great principle in life from which I will never waver, and that is loyalty to one's friends, and defending them if possible when they get into trouble. One often gets into scrapes in consequence, but I consider the risk worth running." He never broke with Valentine Baker, of the 10th Hussars, after he left the army; he stood by Sir Bartle Frere when the politicians were pursuing him like wolves; and after Lord Randolph Churchill's political collapse he insisted on his becoming his guest at Sandringham "when scarcely able to speak or hear."

Will Test Wave Lengths

Arctic Explorer Announces Plans For Experiments On Trip

As a means of developing low wave length efficiency in radio, Commander Donald-B. MacMillan, Arctic explorer, announces he would have his expedition into the Far North equipped with transmitters of four wave length ranges, when it departs this year.

A wave length of 40 meters will probably be used during midnight hours, which will be daylight in the Arctic regions, Commander MacMillan explains, but will penetrate darkness in the lower degrees of latitude. Eighty meters will be provided as an emergency compromise wave length, fitted to cope with unanticipated conditions, and the 150 wave length will be provided to prove that it will not function over the distance under the conditions existing in daylight.

A twenty meter band will be used during the period preceding and succeeding noon, when the expedition expects to be in entire daylight, during the months of June, July, August and September, this especially after passing 60 degrees north latitude.

The Prince's First Levee

Nearly 1,000 Persons Attended Brilliant Affair at St. James

Palace
A picture of shy but happy dignity framed in the gold and silver of a state coach, the Prince of Wales, wearing the Welsh-Guards uniform and the Order of the Garter, drove through a cheering crowd on March 1 to represent the King at a levee at St. James' Palace for the first time. Life Guards formed the escort. The Lord Chamberlain, the Earl of Cromer, received the Prince, who walked through corridors lined with Gentlemen-in-Arms and Yeomen of the Guards to the Throne Room. Those presented at the levee, which lasted for an hour and a half, numbered nearly 1,000.

Proved Her Efficiency

Mary Ann, a buxom, rosy-cheeked girl from the country, visiting some friends in the city, volunteered to look after a neighbor's boys and girls while the mother attended a meeting.

She bathed, brushed, combed and put to bed her charges. When the neighbor returned she asked: "Well, my dear, how did you get along with the kids?"

"Not at all badly," replied Mary Ann, "but I had an awful time with the oldest boy—the red-headed one. He—"

"The red-headed one!" shrieked the woman. "Why, that is my husband!"

—Country Gentleman.

Canada's Fisheries

Cod, herring and mackerel were the three species of sea fish that made up the greater portion of the increased catch and landed values for the year 1924. The value of the catch—last year amounted to \$22,222,222. The small fish, such as herrings, haddocks and smelts, showed much larger catches, as also did salmon, but in the case of salmon and a few others, the lower prices received, reducing the total value of the catch.

British Debates to Be Broadcast

Debate in the British House of Commons, which now is heard only by members who crowd themselves upon the long benches of the chamber, and by a privileged few who gain access to the visitors' galleries, may soon be heard by all the radio world.

Encourages Home Industries

The youthful Amir of Afghanistan encourages home industries. If he sees an Afghan wearing foreign-made clothes he slips up behind and snatches the clothes apart with a penknife, kept sharp for that purpose.

CHEWERS always prefer their tobacco in perfect condition; this is assured, when they demand it packed in the famous Vacuum (air-tight) tins.

The following well known brands are now packed in the famous Vacuum (air-tight) tins.

Big Ben Black Plug Chewing Tobacco
Stag Bright Plug Chewing Tobacco
Pay Roll Bright Plug Chewing Tobacco
Piper Heidsieck Bright Plug Chewing Tobacco

Always ask for the Famous Vacuum (Air-Tight) Tin

Stamp Collectors In Despair

So Many New Issues Impossible to Obtain Complete Collection

There are now \$2,000 different varieties of postage stamps extant in the world, of which 23,000 are credited to Europe and 40,000 to the other continents, according to the publishers of Germany's stamp catalogues. Within the past two years 4,000 new stamps were issued by the various governments of the world.

This enormous increase in postage stamp production has made collectors despair of ever obtaining anything like a complete collection of existing stamps, and the special collection has given place to the general collection.

Before the inflation period one saw many rare old American stamps in German dealers' windows. These have now disappeared almost entirely for American dealers and stamp collectors visitors bought them when the German mark was cheap.

WHEN THE SYSTEM IS ALL RUN DOWN

Often All That Is Needed Is a Tonic to Build Up the Blood

There are many women who have been invalids or semi-invalids so long that they accept their condition as a life burden. They have endured broken sleep, stomach trouble, nervousness, headaches and weakness so long that they have given up hope of enjoying good health. In most of these cases a well chosen diet, fresh air and a tonic to build up the blood would do wonders. To all run-down, nervous people the experience of Mrs. H. J. Cameron, Waterville, N.B., will be of deep interest. She says:—"About two years ago I was in a miserable run-down condition. I was unable to do my work, my head ached day and night, my nerves were all unstrung, and for three weeks I could not eat or sleep. I then decided to give Dr. Williams' Pink Pills a trial and got six boxes. By the time I had used half of them I felt much better, and when I had taken the six boxes I was able to take any medicine that I wished to much good and will always highly recommend Dr. Williams' Pink Pills. You can get these Pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Rumored Bread Trust

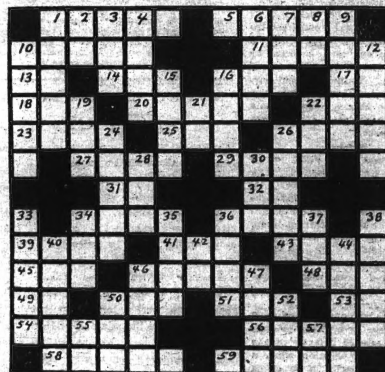

The Montreal Star says: A gigantic merger of baking companies throughout Canada, in which many of the leading bakeries of the Dominion will link up with the American bread trust in the United States, to form one huge combine, is reported to be in course of negotiation at present.

OUR CROSSWORD PUZZLE

"COME ON IN."

Don't pass this one without working it out. It is one of those puzzles which look easy in the solution, but when it comes to working them out—well, that's another matter.

Horizontal

1. Mother.
2. Used by artists.
3. Islands in Southwest Pacific.
4. Assemblage of persons or animals.
5. A conjunction.
6. Native mineral.
7. Part of spectacles.
8. A pronoun.
9. D. A. L. A.
10. Fruit of North Africa.
11. Ripe.
12. Extinct.
13. Prefix.
14. Child (in contempt).
15. Covered with ink.
16. Color.
17. Pronoun (poss. form).
18. Song given by one person.
19. Opposite to cold.
20. Kind of thread used in history.
21. Egg of a small insect.
22. River in Siberia.
23. River in Scotland.
24. To commit a crime.
25. Point of compass.
26. Adhesive substance secreted by most plants.
27. City in Massachusetts.
28. Melodist.
29. Fragrant oil from rose petals.

Vertical

8. Negative.
9. Sum.
10. The eternal part of man (pl.).
11. Part of a flower.
12. Otherwise.
13. To come together.
14. Pina.
15. Exclamation.
16. Surname (nickname).
17. Cavalry award.
18. A long heaped up mass of any substance (pl.).
19. A drink.
20. Contraction of "even."
21. To detect.
22. Conjunction.
23. Ripe.
24. Small island.
25. Yonder (abbr.).
26. A kind of pole (Indian).
27. Large ocean vessel.
28. Not short.
29. Formerly.
30. Loud noise.
31. Rodent.
32. In like manner.
33. The (Dr. form).

Rub in Minard's with the finger tips. It penetrates and heals. Removes inflammation. A remedy for every pain.

MINARD'S KING OF PAIN LINIMENT

in the Kitchen
Try a small portion of Gillett's Pure Flake Lye in the dishwasher when cleaning greasy pots and pans. It will save you much hard labor.

MADE IN CANADA

WORLD HAPPENINGS BRIEFLY TOLD

Mr. and Mrs. John C. Spinks, parents of General Charlton Watson Spinks, inspector general of the Egyptian army, celebrated their golden wedding anniversary at Victoria, April 7.

A number of persons were killed and many injured when a train on which they were passengers bound for Irkutsk, Siberia, was overwhelmed by a huge avalanche.

A Redford, Nottinghamshire, family, father, mother, daughter, son-in-law, four sons, their wives and 22 children sailed for Canada recently to take up land in Saskatchewan.

What is believed would be the largest apartment house in Canada will be erected at the northwest corner of Bloor Street and Bedford Road, Toronto, if the city consents to permit it. The building would be eleven stories high and would contain 600 rooms and bathrooms.

According to information given the special committee of the Alberta Legislature investigating the sale price of beer in the province by Liquor Commissioner R. J. Dinning, the hotelmen operating licensed premises are making a profit of from 150 to 190 per cent.

The balance sheet of the Government of Northern Ireland for the year shows a surplus of revenue over expenditure of £150,000. The figures on the surplus for the previous years of Ulster's existence as a separate state were £47,000, £22,000 and £46,000, respectively.

Stomach Distress

MRS. CHAS. TRIMPER

Bear River, N.S.—"It is a pleasure to me to write a few lines about Dr. Pierce's Golden Medical Discovery. In August 1923 I was taken sick and a doctor was called. He pronounced my case inflammation of the stomach and attended me for about a week, but I was getting worse. My son advised me to try Dr. Pierce's Discovery. I did so, and am glad to say in twenty-four hours I was out of bed. I am still taking Dr. Pierce's medicine. I have not had a doctor since. I am feeling well for a woman past sixty. I would highly recommend Dr. Pierce's Discovery to any similar sufferer."—Mrs. Charles Trimmer, Route 1.

Golden Medical Discovery is put up in Dr. Pierce's Laboratory in Bridgeport, Conn., and sold by all druggists in bottles of one and liquid. Send Dr. Pierce 10c for trial pkg.

W. N. U. 1573

Bovril Advertised More And Earned Larger Profits

The statement presented a few days ago to the shareholders of Bovril Limited, at their 25th annual meeting held in London, shows gross profits of £638,123, as compared with £571,491 for the previous year, net £280,992 against net £237,898.

Both the volume of business done and the net profits earned are records, and the amount spent in advertising was also the largest in the company's history.

How successful Bovril has been in its advertising may be gleaned from an incident in the British House of Commons last spring when Sir Robert Horne, an ex-chancellor of the exchequer, said:

"It did not require any second sight to visualize the leader of the patient crowd in the immediate future, gaining somewhat mournfully on the dearth of brethren, and, in the words of a famous advertisement, muttering, 'Alas! my poor brethren.'"

Advertising is largely responsible for the increased output, and Bovril thus affords a very striking example of how the consumer benefits directly from the judicious use of printer's ink.

Presiding at the annual general meeting of the Bovril Company, Sir George Lawson Johnston (chairman) emphasized the necessity for making the life sufficiently attractive and remunerative to the primary food producer in newly-developed countries to induce him to stay on the land.

To town life, with all its attractions of cinema, theatres, electric light, evening papers and a host of neighbors to gossip with, was drawing the young country cousins to the towns in these countries, just as it was doing at home.

Of those who went from the cities of Europe to the land in Canada, three-quarters eventually drifted back to the cities of that Dominion, where they were not particularly required. Probably only those who knew the country-side, the wild flowers, the trees and the birds, and loved a bit of real country sport, could get strongly attached to a few lonely spots many miles away from any city.

Yet the country interests were often the life-blood of the whole—the cities merely the bottle-necks through which the good things grown poured and paid toll.

Agricultural and pastoral producers must keep in mind that Europe could only buy out of income derived in part from the sale of manufactures to the produce-selling countries, and that the European countries could not afford a high range of prices. An excessive price for wheat means privation, and dear meat eventually lead to reduced consumption.

Bovril limited controls vast cattle estates in the Argentine and in Australia, and thus secures the best for Bovril at minimum cost. It is this fact, added to the constantly increasing demand for Bovril which has enabled the company to maintain its price in spite of the fact that it is a very difficult task to produce and the payment of very heavy taxes, show record sales and record net profits.

The year just closed showed gross profits of £638,123, net £280,992. The capital employed is between twenty and twenty-five millions of dollars.

London's Population Now Eight Million

Over Fifty-two Thousand Houses Built Last Year

Recent unofficial estimates of the population of Greater London have put the figure at about 8,000,000. The London telephone area covers 735 square miles, and the metropolitan police district 691 square miles, and both are said to be growing rapidly. The distance across London, from various sections of the greater city, vary from 20 to 20 miles.

Sir Kingsley Wood, M.P., speaking recently on the housing question, announced that the total number of houses authorized at the beginning of 1924 aggregated 194,808, and of these 52,109 had already been completed.

National Opera Trust

A national opera trust, to establish opera in Britain as a basis of popular musical art, is to be formed. It is proposed to form committees in all the large industrial centres and raise a capital fund of £500,000 to yield a subsidy large enough to present grand opera regularly on a full scale. An appeal for this fund has been issued by Lord Londonderry, Lord Shaftesbury, Lord Clarendon, Sir London Ronald and other prominent patrons of music.

"I'm very sorry," said the grocer, "but we are entirely out of butter."
"Oh, dear," said the young bride. "Well, John will have to be satisfied with butterfat!"

Planning Mystery Trip For Giant Submarine

Crew of British Vessel Have Been Sworn of Secrecy

The biggest submarine in the world is preparing for a mystery cruise around the world, according to the Daily Express.

The Express says that the X-1, five times larger than Britain's war-time submarines, is being at Chatham ready to embark on the cruise. The details of the cruise are as secret as those of the construction of the giant submarine, about which little is known except that it is a plant of its class.

One hundred and twenty-one picked officers and men comprise the X-1's crew. These men have been sworn to secrecy about their craft and her approach to voyage.

It is known that the X-1 carries armament that almost would have sufficed for a first-line battleship of the pre-war days. The submarine's cruising radius can only be judged from the fact that it is about to start around the world. The vessel is capable of remaining two and a half days below the surface of the water.

Sour Stomach Risings Subdued by "Nervine"

A Few Drops Bring Relief

The wonderful relief you get from twenty drops of Nervine will surprise you. Take it after awakened water, and almost immediately you feel better. Nervine brings up the gas caused by fermenting food, and relieves that distressed feeling in the stomach. When cold or cramp strikes you at night, Nervine is a sure relief. For general use in the family, for emergent ills, always keep trusty Nervine on hand. 35c at all dealers.

New Zealand Buys Automobiles

Canada's Best Customers for This Important Industry

Canada's exports of automobiles continues to increase and New Zealand is the Dominion's best customer for these vehicles. Last month a total of 4,908 passenger autos, valued at \$1,845,561 were exported, and of these New Zealand took 1,114. These ships compare favorably with January when 3,732 autos were exported and with February, 1924, when 2,320 were dispatched to foreign markets.

ECLIPSE FASHIONS Exclusive Patterns by Hazel Rogers

1019

An Attractive Cape Costume For Girls

Woolen plaid in a small, neat design is used to develop the frock and cape No. 1019. The costume consists of one-piece dress with short kimono sleeves seamed on the shoulders, and panel front of contrasting material. The cape is semi-circular, and is lined with the same contrasting material forming the front panel of the dress. Made in sizes 6, 8, 10, 12 and 14 years. Size 12 years requires 3 1/2 yards of material. The costume is made of contrasting material for dress panel and cape lining.

For Sore Feet—Minard's Liniment

The Cruel Pain of PILES

"The cruel pains I endured from piles could only be fully realized by others stricken by this agonizing complaint," says Mrs. E. Reid of Stensborg, Ont. "I thought I must suffer until I died, and despite all treatment was reduced to such weakness that I hardly dared to move."

"Then I heard about Zam-Buk and tried it, and I am thankful to say that this grand relief balm proved equal to my case—had as it was. I am now well, can do a good day's work with ease, and am free from the trouble which for years rendered my life one long agony. I shall never tire of recommending Zam-Buk."

Also for eczema, pimples, psoriasis, rash, boils, bedsores, cuts, burns, etc.

50c box, 1 for \$1.25. All druggists.

Zam-Buk Quickly SOOTHES & HEALS

Air Travel Costly For Some People

Passengers On Liners May Be Charged By Weight

Pat men are much concerned over an announcement made by Dr. Hugo Eckener, who piloted the ZR-5 (now the United States Navy dirigible Los Angeles) from Friedrichshafen to Lakehurst, N.J., that passengers on the air liners of the future would be charged according to weight.

Dr. Eckener made the statement in a lecture before the Royal Aeronautical Society, explaining that for the ordinary voyage from London to New York the charge per passenger would be about one pound sterling for each pound of flesh.

HAD BAD SPELLS WITH HER HEART

Mrs. C. Maylin, R.R. No. 2 Orillia, Ont., writes: "I have been troubled with my heart for a long time and very often had bad spells with it. I would take bad spells, and my husband had to have some time to stay with me all the time. He got me everything he could think of to see if they would do me any good, but nothing seemed to help me. One day a friend told me to try me and advised me to try."

MILBURN'S HEART AND NERVE PILLS

My husband went and got me two boxes, and after the first one was finished I felt like a different woman. I cannot recommend them enough to all those who suffer with anything wrong with their heart or nerves."

Milburn's H. & N. Pills have been on the market for the past 20 years and are put up only by The T. Milburn Co., Limited, Toronto, Ont.

"All druggists handle them."

Trouble In Islam

Great Britain, France and Italy are watching the Moslem demand. "It may have what consequences to all of them and to every white power with foothold in Africa and Asia. Not that there is any danger of a holy war, Islam's internal war must end and its ranks close before the green flag of the prophet becomes a menace. The continuing Islamic ferment, however, is not making the 'white man's burden' any lighter and at any time may take an ominous turn for the western world.—Philadelphia Ledger.

The Poor Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum. Dr. Thomas' Electric Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

Langenshire Magistrate: Why do you not control your wife? Husband, indignantly: A man can be a lieutenant-general in the army, but only a general in the home.

Beauty Of Skin And Hair Preserved By Cuticura

Use Cuticura Soap for daily toilet purposes, with touchings of Cuticura Ointment to the face and hair. These are ideal for the toilet as is also Cuticura Talcum. Cuticura is non-drying and non-irritating. Send 10c for trial kit. Address: Cuticura Department, P.O. Box 100, Lowell, Mass., U.S.A. Try one now! Shampoos daily.

SUNDAY SCHOOL LESSON

APRIL 13

LIFE IN THE EARLY CHURCH

Golden Text: The multitude of them that believed were of one heart and soul. Acts 4:32.

Lesson: Acts 4:1 to 8:11.

Devotional Reading: Psalm 133.

The Text Explained and Illuminated Christian Unity, Acts 4:32-35. There was the greatest unity of feeling and purpose in the early Christian Church; as the proverbial expression has it, they were of one heart and soul.

My own idea of a church is a great religious democracy, where the rich and the poor, the educated and the ignorant, the cultured and all others, gather to worship and commune with a Being so far exalted as to make relative human conditions unmentionable, unthinkable, and unnoticeable in His presence" (Lealie M. Shaw).

Settled on the northwestern shore of the Dead Sea, and living in scattered communities throughout Palestine at this time, were the Essenes, a sect that literally had all things common. Each one deposited whatever he possessed in a common fund, of which several managers took charge, supplying from it the needs of all. In Egypt there was a sect called the Therapeutae whose members gave away all their possessions when they joined the order, and there was among them no distinction of rich or poor. It is said of the disciples at Jerusalem that "not one of them said that aught of the things which he possessed was his own; but they had all things common." With them, however, the giving up of possessions was voluntary (6:4)—each one regarded his property as held in trust for others. Property was sold, and the money placed at the disposal of the apostles only as some rich and generous member saw there was need.

Turn Arsenal Into Motor Car Factory

Chinese Tired of Armed Conflict Are Considering Proposal

Tired of armed conflict, and realizing that men cannot fight without rifles, revolvers and ammunition, Shanghai has welcomed a project to turn the Kiangnan Arsenal into a motor car factory. Deprived of this local source of weapons, warlike factions may become more peaceful, it is argued.

The arsenal was built some 50 years ago, near Shanghai, and for half a century it has been the objective of much strife and many warlike clashes.

Recent orders from Peking said the arms making machinery in the arsenal should be removed from the Shanghai district, possibly to Nanking, and the buildings be turned over to the Shanghai Chamber of Commerce for commercial use. Thereafter came the proposal that China's first automobile factory be inaugurated in the old arsenal, and Canton capitalists have the matter under favorable consideration.

Ranchers Are Truly Modern

Airplanes Used In Argentine for Business and Pleasure

Some of the ranches of the Argentine pampas are so large that it takes an all-day trip on horseback for the owner to ride from one boundary to another or to visit a neighbor. But several of these ranch owners no longer need to take these long, tiresome trips, for they are riding now on the wings of the wind, having purchased airplanes to take them where they want to go.

One ranch is equipped with a hangar containing three airplanes, one for the owner, and one each for his two sons. They use them not only to fly around the ranch to inspect their herds of cattle, but into Buenos Aires where they have a town house. They do not have to worry about landing places for the pampas is as level as a billiard table. A dozen private airplanes are thus in use on the pampas, according to Ricardo Aldao, president of the Argentine Aero Club, and other ranches soon will be similarly equipped.

Queer Fish In Sargasso Sea

Dr. William Beebe, dredging the Sargasso Sea, reports taking some queer fish. One has feathers and long wavy hair. Another has eyes that protrude like periscopes upon the fretful submarine. A third propels itself with hands instead of fins, presumably using the Australian crawl stroke.

For Movie Actors?

Receives Gold Medal

Charles Saunders is Honored by Royal Society of Canada

At a recent meeting, the Royal Society of Canada, with the consent of the council, awarded a gold medal for outstanding achievement in literature for science to Charles Saunders for his discovery and development of Marquis wheat. The propagation of this grain has added millions of dollars to the pockets of farmers in Canada and the United States, and has been primarily responsible for the outstanding position of the Dominion in the production of grain.

A Foe to Asthma. Glee Asthma hater a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is no half-way measure about this remedy. It goes right to work and drives asthma out. It reaches the utmost breathing passages and leaves no place for the trouble to lurk. Have it by you ready use.

Heavy Trade In Meats

Exports of Meats Show Heavy Upward Tendency

Canada exported meats to the value of \$2,528,070 during the month of February, as compared with exports of \$1,294,046 in the corresponding month of 1924, according to a report of the external trade branch. Shipments for the twelve months ending February, 1925, had a total value of \$27,843,848, compared with shipments worth \$22,291,385 in the preceding twelve-month period.

Local and General Items

Miss Jacques, R.N., returned from Calgary last week end.

Mrs. J. McDougall spent Easter in Lethbridge, the guest of the Misses Peacock.

Large numbers of golfists were giving the local course a once-over on Friday last.

Mark Sartoris has secured the local distributing agency for the Lethbridge Breweries.

H. D. McMillan is making application for a beer license in respect to the new Waterton Lakes hotel.

Miss Walker, former member of the Coleman teaching staff, was guest of Mrs. Ed. McDonald in Easter.

One hundred families of Hebridean settlers for the Vermilion district are expected to arrive in Alberta during the latter part of May.

Cowley Oddfellows will hold their annual dance in Tustian's hall on the night of Monday, May 4th, at which the Banff orchestra will furnish music.

Misses Warner, McVey, Frunetto, Wiswell, Poasi and Kroil, who have been attending normal school at Calgary, returned home for the Easter holidays.

The large cooking range that served the Sanatorium hotel some years ago was purchased last week by Mr. Stevenson and is now doing excellent service at the Cosmopolitan hotel.

Mr. and Mrs. R. Easterbrook, of Youngstown, have taken up residence in Brocket. Mr. Easterbrook has been transferred to the Alberta Pacific Grain Co., Ltd., elevator staff.—Pincher Creek Echo.

The Campbell Construction Company have secured the contract to make improvements to the road leading from the Belly river up the hill into Lethbridge. The contract price is said to be \$14,814.70.

Considerable havoc was wrought by the high wind here on Saturday and Sunday last. Chief among the damage noted is the devastation on "Cap" Beebe's upper lip. Cap looks like a teen-year-old already.

Pincher Creek will likely make a charge this year for camping on the tourist camp ground, as it is hoped to employ a man permanently during the summer months, keeping the grounds in order and attending to the visitors. This is an exceptionally good move and no doubt will receive support and be appreciated by the travelling public.

P. M. Christophers, M.I.A., returned last week end from Edmonton.

Boost and the world opens to you; knock and there's abodey home.

School re-opened on Tuesday morning, following an Easter holiday period of five days.

The Edmonton Grads, basketball team, defeated Victoria on Monday night 25 to 12.

Mr. Alex Cameron has left Coleman for his fruit ranch at Wyndale, British Columbia.

G. K. Sirett has secured a contract for decorating the interior of the Cosmopolitan hotel.

The Duke of Devonshire, former governor-general of Canada, is seriously ill in Ireland.

The big C.P.R. Atlantic liner Mont Laurier was partially destroyed by fire in a Liverpool dock.

The lady teachers of the Hillcrest public school were visitors with the local staff on Monday evening.

A number of local parties took in the dance at Lundbreck on Monday night, and report having had a good time.

George H. Scott is in town from Nelson, having just returned from a visit to his coal mining interests at Big Valley, Alberta.

Fred Emmett, aged 53, won the fifty-mile walking contest at Calgary, doing the distance on a level track in ten hours and eleven minutes.

Alphonse Fabro, of the Otis-Staples Lumber Co., Kimberley, spent the Easter holidays here with his parents, returning on Tuesday morning.

Mr. H. T. Thoreson, of the local teaching staff, is a delegate to the annual teachers' alliance conference in Edmonton and returns to town this week end.

Steamers prosecuting the Newfoundland seal fisheries this season have been unusually successful. One steamer brought in a catch valued at nearly \$100,000 for a three weeks' hunt.

There are now 235 antelope confined in the Nemiskakan park in Southern Alberta, which is an increase of 183 since 1915. When the park was established the antelope were nearly extinct in Alberta.

There must have been method in the madness of those responsible for the naming of some towns in Newfoundland. A few weeks ago a woman hanged herself in a town named Happy Adventure.

A ban on crows has been instituted in various parts of the province and one of these undesirable immigrants was seen looking over Blairmore on Monday afternoon, probably looking to the establishment of a colony here.

The city of Fernie has adopted a scavenging system that is working splendidly and at remarkably low cost. Blairmore might well adopt a similar system and afford somewhat of a permanent summer job for one or two who are unfit for mine work.

Three church papers, the Christian Guardian, the Presbyterian Witness and the Congregationalist, will be merged into one, acting as the official organ of the United Church of Canada. The first issue will appear on June 10th, the day the United Church officially comes into being.

The death of little Kathleen Read, aged five years, following an attack of measles and pneumonia, occurred at the home of her parents in Coleman on Tuesday, April 7th. The remains were laid to rest on Thursday afternoon. The deceased's parents were formerly residents of Pincher Station, but Mr. Read is now assistant C.P.R. agent at Coleman.

Mrs. W. Thomas and son Glyn have returned from a visit to Calgary.

Miss Elizabeth Patterson is spending a holiday at her home here.

Profitable hours can be spent in one's back and front yards these evenings.

Misses C. and A. Marquis spent the Easter holidays at their home in Pincher Creek.

A local miner lost a thumb last evening while splitting kindling wood with a hatchet.

Mr. and Mrs. Robert Smallwood, of Corbin, were in town on Saturday, greeting old friends.

Miss E. M. Fulton was an Easter holiday visitor with her sister, Mrs. H. C. Morrison, at Cowley.

Liquor valued at \$150,000 was seized by States authorities from a British schooner off the New England coast a few days ago.

Invitations are out for the local golf club's annual dance, which will take place tomorrow night at the Greenhill Grill.

Gordoh Steeves motored to Calgary last week end and returned home on Tuesday. He reports the roads good from Cowley eastward.

The sale of plants, etc., and tea, held in the Lodge hall on Thursday afternoon last by the ladies of the Union church, was very successful.

A friend tells us that he doesn't go out much. He stays home every night and listens to his wife or the radio, whichever happens to be broadcasting.

Do all the good you can, by all the means you can, in all the ways you can, at all the times you can, to all the people you can, as long as you can, whether you be Jack or Master.

A smoking concert will be held in the G.W.V.A. club rooms on Monday, April 20th, commencing at 8 o'clock. All members are invited. Tickets 50 cents. Refreshments, songs and smokes.

Wilson Young, eldest son of Mr. and Mrs. Arthur Young, of Macleod, died at a Lethbridge hospital on Monday, after a lingering illness. He was twenty-two years of age. Funeral took place yesterday.

The new agreements between the miners of Bellevue and Blairmore and the West Canadian Collieries, Limited, are this week in process of being put into book form at the office of The Blairmore Enterprise.

Mr. and Mrs. Bert McKenzie, of Los Angeles, California, are receiving congratulations on the birth of a daughter (Dorothy Mae) on March 31st. Mrs. McKenzie was formerly Miss Telesa Thibodeau, of Blairmore.

Since oiling our floors on Saturday last, no less than seventy-six of our subscribers sustained broken necks while rushing in to pay up their just dues to us. Oiling the floors was part of our spring cleaning programme, but we have now decided to make it a monthly affair.

Members of the local Tuxis groups gathered together on Monday morning and paraded to the Union cemetery, where a memorial service was held at the graveside of departed members. The service was conducted by Rev. W. T. Young, following which beautiful floral tributes were placed upon the graves.

Charlie Cheesman, Cardston's baseball booster, will direct the destinies of amateur baseball in Alberta this year as president of the Alberta Amateur Baseball Association. E. D. Batrum has been elected honorary secretary for the fifth term.

The British government has concluded an agreement with the Australian commonwealth government for assisting in the emigration of 450,000 persons from the United Kingdom to the commonwealth within the next decade. These emigrants will include 84,000 families, averaging five persons each.

The Pincher Creek Board of Trade will erect a building on the old Bank of Commerce site, in which will be exhibited the various natural resources, cups, shields, prizes, etc.

St. Luke's Church, Blairmore

Rev. H. L. Nobbs will conduct service on Sunday, April 19th, at 11 a.m. Immediately after this service there will be a general meeting for the purpose of electing Wardens and Vestry.
